

Information of National Interest

Managing changes in the survey of employment in Mexico

Mauricio Rodríguez Abreu

Unit of Sociodemographic Statistics

SNIEG

The National System of Statistical and Geographic Information (SNIEG) in Mexico is a coordinated network of government agencies that produce and disseminate official statistical and geographical information.

SNIEG

Coordination – of various units / framework **Production** – regular information **Data Sources** – promotes the use of administrative data Strategic Planning – under a long-term strategic program

INEGI

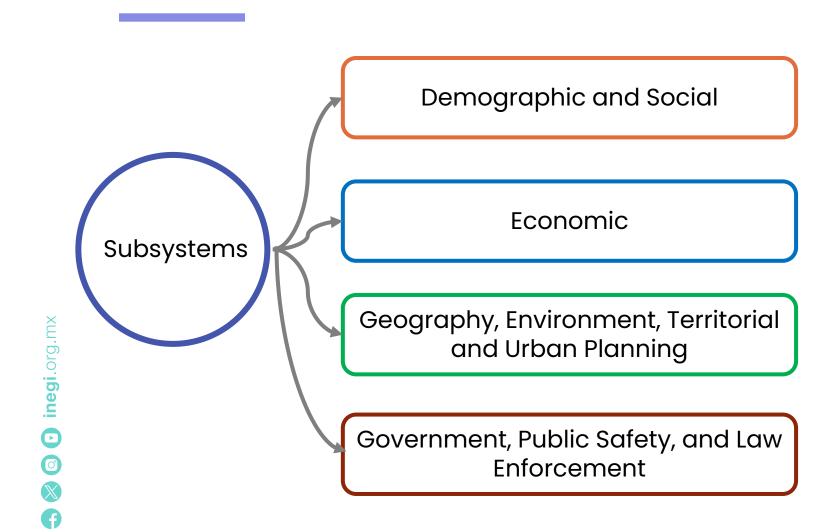

Regulator and coordinator – autonomous (2008) **Productor** – high quality, relevant and timely **Technical standards** – to operate within the system Public Information System ensures availability of information

Organization of SNIEG

They aim to:

- Produce
- Integrate
- Disseminate

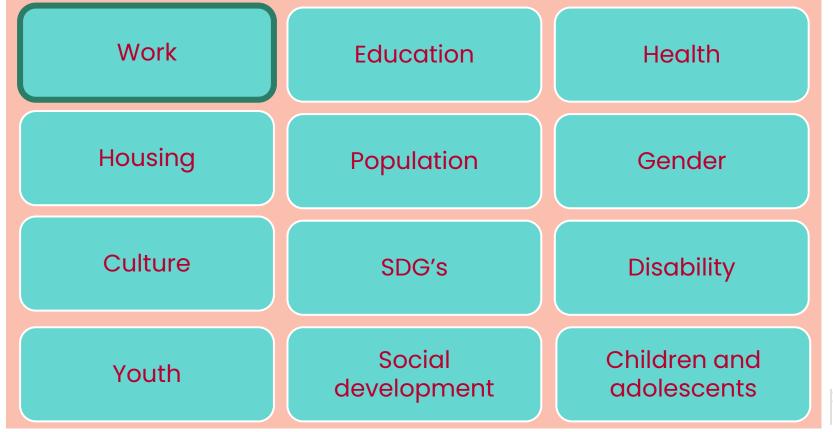

Information of National Interest in their respective topics

Governing Board Four subsystems + President of INEGI

Subsystem of Social and Demographic Information

Every subsystem operates through **Specialized Technical Committees**

Official and mandatory

A – Information regarding the following topics, data or indicators:

Population and demographic dynamic, health, education, employment, income distribution, housing

B – Is needed for the design and evaluation of public policies at the national context

C – Is generated with determined periodicity and regularity

D – Is made based on sound and scientific methodology

Questionnaires

Sociodemographic

Occupation and Employment

- Identification of occupation
- Out of the labor force
- General working conditions
- Sector (informality)
- **Employment characteristics**
- Remunerations & benefits
- Secondary occupation
- Intentions for a second employment
- Previous employment
- Other sources of income
- Other activities

First quarter of every year: long form

Information of National Interest

According to the Law of the SNIEG, the INI is:

- National Censuses
- System of National Accounts
- Consumer and producer Indices

And also, information that:

- Is necessary for the design and evaluation of public policies
- Is generated periodically and regularly
- Is made with sound methodology

Its use is mandatory for the federation, states and municipalities

Updating INI

Public consultation: 20 working days / 10 additional

Revision of contributions

Proceed if changes don't affect the main objective

Statistical and Cognitive Testing

- Type A and Type B questionnaires
- **Test for differences in distributions**
- If necessary, proceed to cognitive test
- Inform and present to Governing Board

ENOE as INI

- Fist survey to be declared INI, based on the official criteria SNIEG. **DOF 30/11/2011**.
- Provides information for the estimation of key indicators of official and mandatory use.
- Contributes to SNIEG's objective by providing quality, relevant, truthful and timely information, for national development.

Public Consultation - 2025

Diffusion and reception of requests

Integration of requests and recommendations

Feasibility analysis and preparation for test

Testing and analysis

Cuestionario actual	Propuesta				
TRABAJADORES(AS) DOMÉSTICOS	TRABAJADORAS(ES) DOMÉSTICAS(OS)				
l. ¿En este hogar se contrata a trabajadores domésticos	4. ¿En este hogar se contrata a personas para realizar trabajo doméstico				
1 de entrada por salida?	1 de entrada por salida				
2 de planta?	2 de planta?				
3 de entrada por salida y de planta?	3 de entrada por salida y de planta?				
4 No contrata trabajadores domésticos	4 No contrata personas para realizar trabajo doméstico				
¿Cuántos?					
-	¿Cuántas(os)?				

9999 NS año

9999 NS año

IDENTIFICACIÓN DE LA MADRE

10_1. En este hogar, ¿vive la madre de (NOMBRE)?

> ANOTA EL CÓDIGO CORRESPONDIENTE Y EL NÚMERO DE RENGLÓN DE LA MADRE CUANDO SEA OPCIÓN 1

- 1 Sí → ¿Quién?
- **2** No

IDENTIFICACIÓN DEL PADRE

10_2. En este hogar, ¿vive el padre de (NOMBRE)?

> ANOTA EL CÓDIGO CORRESPONDIENTE Y EL NÚMERO DE RENGLÓN DE LA PADRE CUANDO SEA OPCIÓN 1

Lessons Learned

Stakeholder engagement

- Managing expectations
- Communicating relevance of changes
- Making them participants of changes (pre-consultation)
- Follow-up with guidance

Strong governance

- Facilitates the communication through official mechanisms
- Promotes documentation of all changes
- Evaluates all process

International mechanisms

- Support the changes and evidence based-decisions
- Promotes standardization
- Offers elements to support decisions

The necessity to communicate all changes (even in emergency scenarios) to keep trust

System of Work Statistics

- System of Work Statistics (SET, Spanish acronym) using ENOE as leading source of information.
- Specialized modules attached to the survey: 2007 a 2017.
- Transition to independent surveys: 2018-2025.
- Additional topics in ENOE to follow guidelines, resolutions, and request of information for emerging topics.

Past Modules 2007-2017
